# Unifunnel Hands-free Funnel Holder, No. UF895

## Features and benefits

The Unifunnel Hands-free Funnel Holder is a simple, yet revolutionary tool designed to hold any standard-size funnel firmly in place — making it easy to transfer fluids without slipping or spilling.

## Origin

The Funnel Holder was invented out of frustration of spilling oil during oil changes, and having to hold the oil can over the tank until the can fully drains. The Funnel Holder can be used for any kind of fluid transfer to any kind of tank.

## Specs

The Funnel Holder is made with glass-filled Polyamide 66 (reinforced Nylon) and a powerful torsion spring. It is approximately 6" by 2" by 2" and weighs 4 oz.

## Selling points

- Holds funnel firmly in place
- Made of reinforced Polyamide
- Works with any standard funnel

## Suggested retail price

\$12.95
